

GRANDTREK MT 2

(Wide & Narrow Patterns)

APPLICATION

The Grandtrek MT2 was designed to deliver excellent traction and performance in off-road conditions.

The wide tread pattern is intended for off-road performance in mud and dirt, whilst on-road, it offers increased wet traction for safety and comfort.

Feature: Cut- and chip-resistant tread compound

Benefit: Enhances tyre strength in tough conditions

Feature: Digital Rolling Simulation Technology

Benefit: Combines superior on-road handling and the low noise levels necessary for a modern recreational vehicle

Feature: Self-cleaning tread pattern

Benefit: Maintains powerful traction in mud, deep gravel and other loose surface conditions.
